

## COMING IN 2021: *New online and mobile banking*

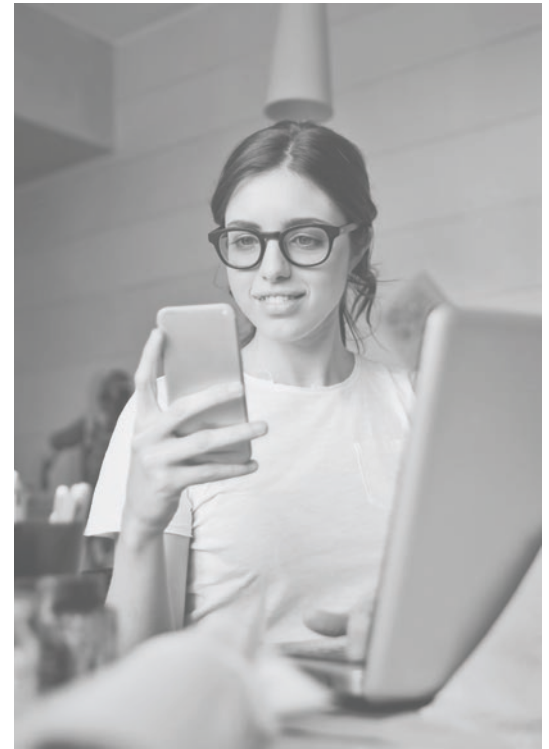

Fort Financial is constantly evaluating our products and services to make sure we provide you with an exceptional banking experience. In the coming months we will introduce a new online and mobile banking platform.

We know that maintaining access to your accounts is important. This new platform will feature some of the functions you've come to expect, such as remote check deposits, Picture Pay and person-to-person payments. It will also introduce some new features that we think

you'll enjoy, including expanded alerts and debit and credit card controls.

We are confident this new platform will allow us to continue to respond to our members' ever-changing technology needs and provide you with convenient, easy-to-use electronic banking solutions.

Watch for more details in your mailbox and inbox later this summer on the new online and mobile banking platform and steps to prepare for its launch.
